

GENERAL VILLA MAKES NO EFFORT TO PURSUE THE FLEEING FEDERALS

**Victorious Commander and
Six Thousand Rebel
Troops Back in Juarez**

CITY IS WELL GUARDED

**Rebels Return With Number of
Federal Field Pieces—Guard
Against Enemies Reappearance**

FEW DEAD ON BATTLEFIELD

EL PASO, Texas, Nov. 26.—One hundred and eighty-four men are in the Juarez hospitals tonight as a result of the unsuccessful federal attack upon Juarez. General Pancho Villa and six thousand rebel troops are back in Juarez. South of Juarez for eighteen or twenty miles there are no rebel soldiers. Villa says he has some further south and that their city is well guarded against re-appearance of the enemy. But Villa has made no effort to pursue the enemy.

Villa captured a number of federal field pieces and a number of cars. This is apparent to any one who saw his army go out the other day and come back today. Horses dragged fifteen field pieces, five were on the train that brought the rebel leader himself and five more were brought in tonight on the train that Villa left on the field today in charge of the burial squad. Villa had only nine guns when he went out.

Returns With 200 Captives.
Villa said yesterday that he captured 500 federal soldiers. Today he brought less than 200 to Juarez. He admits executing some of them. Apparently the greatest number of dead as a result of the fighting are those who faced the firing squad and paid the penalty of supporting the Huerta cause rather than that of Villa, Madero or Carranza. A trip over the battlefield today failed to reveal but a very few bodies or newly made graves.

Plenty of empty cartridge shells and exploded shrapnels were found upon the field. Two newly made graves were seen near Mesa where Villa made his headquarters and two bodies were loaded on a train at Mesa late this afternoon by rebel soldiers, while a correspondent of The Associated Press was present.

Both of these bodies had their hands tied and each had evidently died at the hands of executioners. These were the only dead or evidences of dead seen upon the field. The correspondent entered the field at Baucha, where the rebels had their artillery, where they turned back the federal effort Monday to flank them on the left; traversed the distance of the rebel line to Mesa, zig-zagging over the field, then went straight south to the federal trenches several miles from Mesa.

Six Federal Dead Buried.
Ample evidences of very recent activity was apparent in the recent locations of the two armies but the field was no more strewn nor littered than would have happened if any big encampment of men had been made there for two or three days.

Rebel soldiers explained that the federal dead had been gathered up and buried and they pointed off beyond the hills. If there were many federal dead as a result of the battle other than executions, the rebels carried them a great distance across the country to bury them. The correspondent climbed the hills where federal cannon been planted; found dead horses occasionally, found many tracks where men, horses and cannon had been wheeled about, saw shells of discharged rifle shells by the thousands in the trenches and walked great distances in the rear to each side and to the front of the trenches, let failed to find any freshly turned earth that would indicate graves. The same investigation was made in the territory which had been occupied by rebel lines and fortifications. The two newly made graves near Mesa and the two bodies were all that rewarded the search. There were other dead for rebels with spades were seen coming in from remote sections of the field but the list is not heavy. The general belief is that most of the men who filled the graves, however, were men who were shot after capture.

The rebels admit executing certain prisoners and explain that only such men as had volunteered for service with the federals were thus disposed of.

Wear Many Blue Uniforms.
The rebel army riding into Juarez today from its victory south of the city exhibited many souvenirs of the conquest. Some of the rebel soldiers wore the blue uniforms of the late federals, divested of their brass buttons and army insignia. The rebels admitted removing the uniforms of the men they executed before shooting them, carefully explaining that the clothing was thus not soiled by the bullets of the rifles or the blood of the victim and that it was necessary to conserve all wearing apparel.

Practically all of the Villa fighting army is quartered in the city of Juarez. The battlefield where yesterday and Monday at least 10,000

men fought each other is tonight deserted and quiet.

Situation Under Control.
WASHINGTON, Nov. 26.—The rout of the Mexican federals near Juarez by the constitutionalist forces and a wireless report from Rear-Admiral Fletcher, indicating that conditions in the oil regions near Tuxpam were not as threatening as previously had been reported held the interest of official Washington today in the Mexican situation. The wireless message to the navy department from Admiral Fletcher who left Vera Cruz on the Battleship Rhode Island late Monday with John Lind, the special American envoy to investigate alleged threatening conditions in the oil districts of Tuxpam and Tampico, brought evident relief to officials here. The admiral's report regarding the Tuxpam field, where British and American interests are situated gave indications that no immediate aggressive action on the part of the United States to furnish protection would be necessary.

Infantry Ordered to El Paso.
Though no official report has yet come with relation to the Tampico district the belief here is that the situation will be found similarly controlled.

The border situation as a result of the vigorous operations near Juarez and the possibility of another siege of the border city, aroused the war department to action to afford ample protection for El Paso, and the neighboring border territory and late today orders were issued for the movement from Fort Douglas, Utah, to El Paso, of the twentieth infantry, which will be used to preserve order within the city limits.

Two Regiments on Border.
This arrangement will permit the use of the two regiments of cavalry now at El Paso, Fort Bliss and environs to guard the border in each direction from the city. In addition to these two regiments, the fifteenth, just arrived from northern posts and the second, there is a battery of the fifth artillery, while Brigadier General Hugh Scott, with a squadron of the Twelfth Cavalry, will go to El Paso as soon as he has completed the threatened outbreak among the Navajo Indians in New Mexico. The war department upon the request of the American Red Cross issued orders which permitted bringing of wounded Mexican soldiers across the border into El Paso the permission applying to federal and constitutionalist soldiers alike. The first soldiers to be received will be the wounded constitutionalists, as they have already been brought into Juarez in considerable numbers. The federal soldiers, large numbers of whom are reported to be in a pitiable condition farther south will receive equal treatment, if an agency is established to bring them to the United States.

No Mexican Organization.
The Mexican Red and White Cross organizations are disorganized and officials here say there is no authoritative agency in Mexico through which the American society could work.

Might Bring Recognition.
It was suggested tonight that one important result of the rebel victory at Juarez might be to bring into greater prominence the question of recognition by the United States of General Carranza's constitutionalist party as the defacto government of northern Mexico. Now that General Carranza can claim that his party is in practically physical possession of all the northern states of Mexico, it is expected that he will comply with the further requirements of international law by setting up a permanent capital at Hermosillo or Magdalena and completing the organization of his provisional government.

Hale Expected in Washington.
This question is said to have been discussed by Dr. William Bayard Hale in his recent conferences with General Carranza and Senor Escudero. It was then rather hypothetical as the federals were in great force in the state of Chihuahua. Dr. Hale is expected in Washington within a few days.

There was no confirmation here today of a report from Berlin that the American ambassador, James Gerard, in assessing the Mexican situation with the German minister of foreign affairs, Gottlieb von Jagow had submitted a new cable from Washington re-affirming the attitude of the United States in regard to the elimination of General Huerta and the non-recognition of the New Mexican congress. Acting Secretary John Bassett Moore said he had no knowledge of any new note on the subject.

Provide for Emergency.
Dallas, Texas, Nov. 26.—Blanket transportation for local companies of the Texas National Guard has been deposited in Dallas banks by the United States war department it was learned today. The purpose of arranging for transportation was not made known. It was said to be sufficient to provide for quick movement of the guardsmen in emergency.

WILL SAIL SATURDAY.
New York, Nov. 26.—A dispatch from Williamstown, Mass., where Mr. and Mrs. Francis Bowes Sayre will make their future home, says the couple will sail Saturday morning from New York on the Northern German-Lloyd Steamship George Washington for Bremen.

Seattle, Wash., Nov. 26.—The building trades department of the American Federation of Labor today voted \$3,000 to the aid of the Calumet copper strikers.

COPPER MINE STRIKE TAKES SERIOUS TURN

HEAVY CHARGE OF DYNAMITE IS EXPLODED NEAR COMPRESSOR HOUSE

Dynamiters Evidently Expected Explosion Would Destroy Bunk House Containing Mine Guards as Well as the Compressor.

CALUMET, Mich., Nov. 26.—Michigan copper mine strike took a serious turn tonight when an attempt was made to blow up the compressor house at Apameek mine. A heavy charge of dynamite was exploded by time fuse but the force of the explosion was spent outside the building and the most serious damage consists of shattered windows in the compressor house and at Nos. 1 and 2 shafts one hundred feet distant.

It is believed the compressor machinery was uninjured. Both shafts resumed operations this week. Within twenty feet of the explosion is a bunk house occupied by mine guards. Officers think that those who planned the dynamiting expected too it would destroy the bunk house as well as the compressor. The explosion occurred about time for changing shifts of underground men. The detonation was heard ten miles. As the Apameek compressor house is almost on the boundary line of Houghton and Keweenaw counties, the sheriff's forces of both counties are investigating. Application was made tonight by the sheriff's to Governor Ferris for martial law for the district.

Organizer Arrested and Jailed.
Trinidad, Colo., Nov. 26.—E. L. Doyle, secretary-treasurer of district No. 15 of the United Mine Workers of America and Robert Ulrich, district organizer were placed under military arrest and ordered to jail pending a further investigation of the allegations contained in the confession of Louis Zancanelli to the murder of Detective G. W. Belcher. Late tonight Doyle was released on pre-emptory order of Governor Emmons. The arrest of Doyle created much feeling among the miners who have thronged the streets since the union leader was taken into custody shortly before noon today. Tonight the military patrol was doubled and extra precautions taken to prevent possible outbreak. Doyle's arrest followed his appearance at an inquiry before General Chase and Judge Advocate Mayer E. Boynton at which Doyle was questioned concerning his knowledge of the whereabouts of Alfred McGary an organizer, for whom a military order was issued this morning.

No Change in Situation.
Schenectady, N. Y., Nov. 26.—There was no apparent change in the relative positions today between the General Electric company and the fifteen thousand of its employees who walked out Tuesday morning. Union leaders say there have been many additions to their ranks seemed indifferent when announcement was made that Commissioner of Labor James M. Lynch would try personally to bring the company and employees together was received with little interest on the part of the men. At the same time a suggestion that the whole force be employed on part time until business conditions are better was favorably received by the men.

WOMAN GETS PRISON SENTENCE FOR SCALDING HER HUSBAND
Chicago Spouse Discovers Hubby Asleep on Basement Floor and Gently Wakes Him With Bucket of Boiling Water.

Chicago, Nov. 26.—Mrs. Grace Owens was today sentenced to 150 days in the house of correction for pouring boiling water over her husband to discipline him for staying out late.

Owens encountered his wife's wrath Saturday night when he reached home shortly before midnight. He went to the basement of their home and went to sleep on the floor. He was awakened when his wife threw a bucket of boiling water on him. Physicians testified that Owens' arms, chest and back were badly scalded.

They have been married twenty-two years.

SPARKS FROM THE WIRES
BRESLAU, Germany, Nov. 26.—Dr. Otto Lummer, director of the physics institute of the University of Breslau, announced at a meeting of scientists tonight that he had succeeded in rendering coal fluid by electricity.

NEW YORK, Nov. 26.—That Mordecai Brown, the three fingered pitcher has been selected to manage the Cincinnati National League team, succeeding Joe Tinker is the statement declared to be based on good authority printed here this morning.

DECATUR, Ills., Nov. 26.—The Suffern Hunt Corn Mill, one of the largest in Central Illinois, is burning.

Machinery valued at \$100,000 was destroyed and 5,000 bushels of corn. Three cars near the plant, one containing 700 bushels of corn, another 200 bushels, and the third empty were pulled away by a Wabash switch engine at great risk.

Thirty-five men were in the mill at midnight when the fire was discovered and in five minutes had four loads of hose on the fire. Trains from the south, held up on the Wabash, were derailed.

DEMOCRATS WOULD FORCE EARLY VOTE

Will Make Currency Bill a Party Measure and Meet Night and Day Until Action Is Secured

OPPOSE CHRISTMAS RECESS

Conference Determines to Have No Christmas Recess Unless Measure Is Passed Before Time Set for Holiday

DECIDE TO HOLD SECRET MEETINGS

WASHINGTON, Nov. 26.—Extreme measures were decided upon today by the Democrats of the senate to force the currency reform bill to an early vote.

Determined to prevent curtailment of business activity and to relieve the uncertainty in financial circles as to what form the currency legislation is to take, the Democrats agreed to make the bill a party measure at once, to have no Christmas recess unless the measure has been passed before the time set for the holiday recess and sit day and night until final action is secured.

These decisions were reached at a conference that began in the morning with President Wilson and his advisers, decided to sit behind closed doors for the balance of the week, not excepting tomorrow, Thanksgiving day, until an agreement can be reached, upon the pending bill that will insure united support for it in the senate.

Actual Work Begins.
Actual work on the bill began tonight. The fight will be transferred to the senate floor Monday and from that time forward daily sessions will be held from 10 a. m. to 11 p. m., with no recess in prospect except for Christmas day.

"Immediate action on currency legislation is demanded," Senator Simmons said at the close of the conference, "to relieve the uncertainty that exists throughout the business world. There has been a cessation of activity in many lines of business because congress has not yet made clear its intention as to currency revision. We have determined to act at once and without further delay, and may be necessary for honest debate."

"The senate has no right to hold up the business of the country," was the declaration of Senator James, another who took part in the conference. "The country demands action at once on currency legislation."

Republicans Surprised.
The decision of the Democrats to make the currency bill a party measure surprised and aroused the Republicans.

"This is merely a political move," said Senator Smoot, one of the minority leaders. "It is designed to make it appear that Republicans in the senate are obstructing currency legislation. This is not the case. I am convinced that proceeding in the normal way we would have reached a vote earlier than we will reach it under this forceful program."

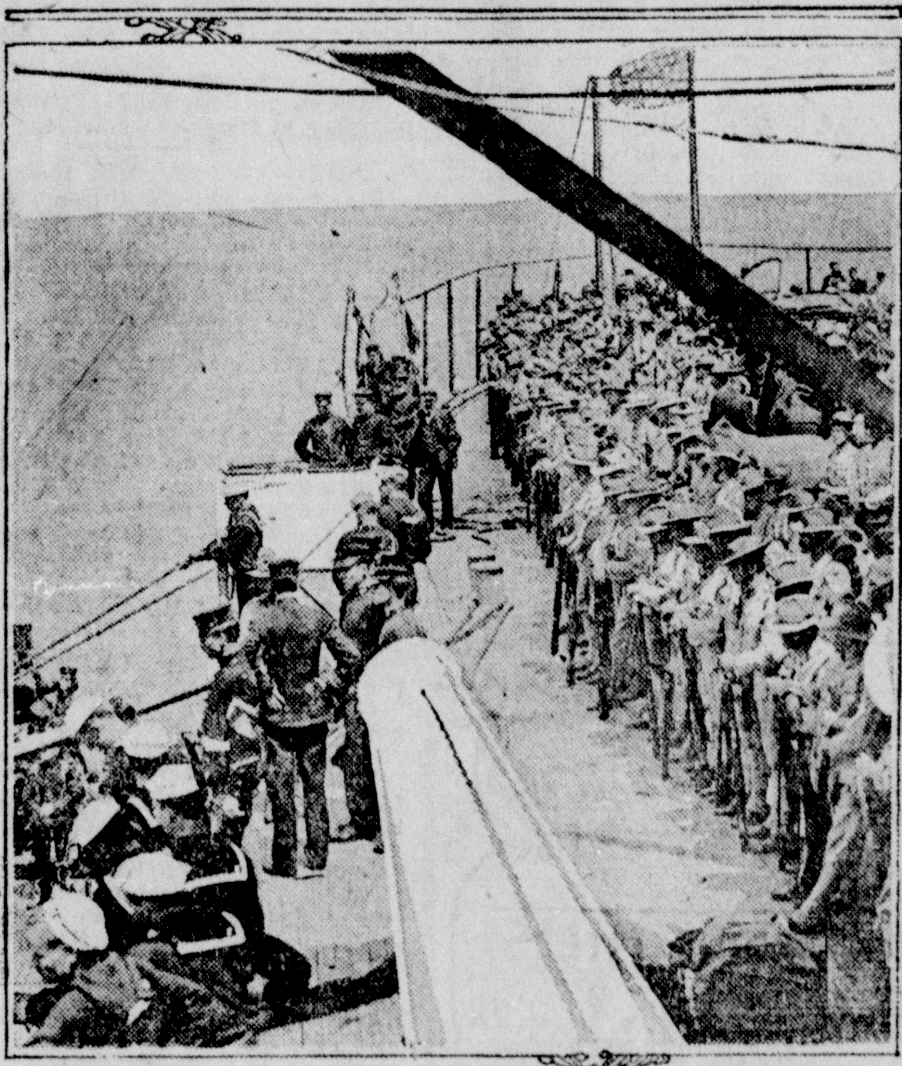

"Legislation that is so important as to keep the senate from thirteen to sixteen hours a day ought to be considered by a 'channel' program."

The two resolutions adopted outlined the most exacting legislative program attempted in the senate in recent years. One presented by Senator O'Gorman of New York, provided that it was the sense of the conference that beginning Monday, December 1, the senate should meet at ten o'clock in the morning, sit until 6 in the evening, resume after a two hour dinner recess and continue until 11 o'clock, "until the currency bill is disposed of."

It further set forth that unless the bill is out of the way no holiday recess shall be taken, "except an adjournment from December 24 to December 26," over Christmas day. Not even New Year's day will be a holiday unless the bill is passed before then. The second resolution, presented by Senator Reed of Missouri, made the currency bill a party measure. It provided that the Democrats in conference should meet beginning this afternoon and by Saturday night should complete the consideration of the bill. In the absence of Senator Hitchcock, the only Democratic member who has held out against the administration bill it was expected that the members of the banking and currency committee would have little difficulty in committing the caucus to the support of the draft of the measure presented by Senator Owen. It was made clear, however, that some of the amendments proposed by Senator Hitchcock would be written into the bill by the conference. The currency debate continued in the senate today, Senator Newlands of Nevada, making a lengthy speech explaining his plan for a federation of state reserve associations as a substitute for the various proposals put forth. The senate adjourned until Saturday to allow the Democratic conference time to work on the currency bill.

No Quorum Present in Senate.
Lack of a quorum in the senate prevented confirmation today of the appointment of L. E. Pinkham as governor of the territory of Hawaii.

Some of Uncle Sam's Marines Ready to Act In Mexico.

The marines of the United States warships now in Mexican waters will bear the brunt of the first offensive maneuvers in Mexico in case of armed intervention by Uncle Sam. In the illustration the marines of the U. S. S. Nebraska, one of our vessels in Mexican waters, are shown lined up on deck to make a landing. They are fighting men of first quality and can be depended on to give a good account of themselves at all times.

WILSON WILL ENJOY DAY IN WHITE HOUSE

PRESIDENT WILL HAVE FIRST THANKSGIVING DINNER IN CAPITAL

Chief Executive Will Attend Pan-American Mass in St. Patrick's Church This Morning Despite Resolutions by Protestant Clergymen Against President's Attendance.

WASHINGTON, Nov. 26.—President Wilson will have his first Thanksgiving dinner in the White House, surrounded by a few friends and all his immediate family, except Mrs. Francis Bowes Sayre, who was married yesterday and is on her honeymoon. Two special turkeys, one from Rhode Island and the other from Kentucky, will be on the white house table.

In the morning the president plans to attend the Pan-American mass in St. Patrick's church, an annual event to which many officials and members of the diplomatic corps go. Resolutions by Protestant clergymen against the president's attendance, because of the official atmosphere they contend is thrown about the service, had not changed the president's plans so far as was known tonight. In the afternoon the president may take a turn on the golf links if the weather there is favorable.

Most other officials of the administration will dine at their homes here.

Vice-president Marshall and Mrs. Marshall are expected back from Arizona. Speaker Clark will dine with his family; Secretary Bryan and most of the members of the cabinet also will do that. Secretary Garrison will visit his brother in New Jersey and Secretary Redfield will go to his home in Brooklyn.

South Tremble, clerk of the house of representatives sent to the president and each cabinet officer a turkey from his Kentucky farm.

It will be a holiday in all the government offices.

TO HONOR LATE PRESIDENT.
Atlanta, Ga., Nov. 26.—Operations of every kind on the entire Southern railway system will be suspended for five minutes, beginning at 11 o'clock eastern time Friday morning, out of respect to the memory of the late president of the road W. W. Finley, whose funeral will be held at that hour in Washington. Trains will be halted, machinery in all telegraph, telephone and signal apparatus remain idle during this period.

At the end of a spirited fight against the nomination of Henry M. Pinckell by Senator Williams of Mississippi a vote resulted in his favor 27 to 17. This was not a quorum of the senate, however, and the appointment went over for action later. Many Democrats voted against confirmation, while the majority of the Republicans voted for it.

The nomination of Henry M. Pinckell of Peoria, Ill., as ambassador to Russia, was sent to a subcommittee today by the senate foreign relations committee. An investigation of the correspondence between Mr. Pinckell and Senator Lewis and Representative Stone of Illinois will be made.

LABOR TROUBLE MAY OUST MAYOR SHANK

IN EVENT OF ANOTHER STRIKE INDIANAPOLIS EXECUTIVE WILL RESIGN

Mayor is Threatened by Business Men With Impeachment Proceedings Unless He Averts Labor Troubles in the Future—Admits Failure to Cope With Situation.

INDIANAPOLIS, IND., Nov. 26.—Mayor S. L. Shank announced late today that he would resign in the event of another strike being called in Indianapolis. The mayor is becoming known today, was threatened last night by a committee of business men with impeachment proceedings unless he averted labor troubles in the future.

Mayor Shank today held a conference with labor leaders. The mayor told them he was being forced out of office by the prospect of more labor troubles. He said he had tried to give union labor fair treatment during his administration but that the disturbance of business had been such that he could no longer cope with the situation unless labor leaders could assure him that there would be no further labor trouble. The labor officials said they would investigate and inform the mayor of the labor status at noon Friday. The mayor afterwards conferred with the business men and obtained their promise that they would not take any further action toward impeachment proceedings before 2 o'clock Friday afternoon.

Mayor Shank in the event of his resignation will be succeeded by Harry R. Wallace, city controller. Wallace, it is understood, has outlined to the business men's organization his policies in the event he succeeds to the mayor's chair.

KING EMMANUEL WILL TODAY INAUGURATE ITALIAN PARLIAMENT
Speech From the Throne Will Review Progress Made By Italy and Announce Continuation of Liberal Program.

Rome, Nov. 26.—King Victor Emmanuel tomorrow, for the fifth time in the thirteen years of his reign will inaugurate the Italian parliament. The speech from the throne will announce the continuance of the Liberal program, and review the progress made by Italy.

The Italo-Turkish war resulting in the conquest of Libya will be instanced as tangible proof of national strength and solidarity and reference will be made to the service rendered by the Triple Alliance in the maintenance of peace and the solution of problems in connection with the Balkan war.

READING OF THE TEXT BOOK CONTINUES.
Chicago, Nov. 26.—Reading of the text book of the Mazadazan, sun worshippers' cult, occupied the entire day in the trial in the federal court here of Ottoman Zar Adushi Hanish, high priest of Mazadazan. The book is branded as objectionable by the prosecutors and Hanish is on trial for sending it by express in interstate commerce.

It is expected the case will go to the jury Friday.

DINNER TODAY MOST EXPENSIVE IN YEARS

Meal Will Cost Average American 35 to 100 Per Cent More Than it Did Ten Years Ago

CAUSES OF THE HIGH PRICES

High Prices are Partly Due to Warm Wave Which Spoiled Turkeys, to Summer's Drought, and to Cold Storage Combination

PRICES HAVE UNIFORMLY ADVANCED

WASHINGTON, Nov. 26.—Thanksgiving dinner will be the most expensive meal the average American has eaten during the last twenty-five years. It will cost from 35 to 100 per cent more than it did ten years ago, and from 15 to 50 per cent more than any Thanksgiving Day during the last six years, according to recently gathered government statistics. Thousands of turkeys spoiled while being shipped to market during the unseasonable warm wave which overspread the country a week ago; the drought of last summer which shortened crop yields particularly white potatoes, an alleged cold storage combination which Attorney General McReynolds is now investigating to find if millions of dollars of eggs and millions of pounds of dairy products have been withheld from the market by middlemen to force high prices and the steady soaring of prices generally during the last decade are among the contributing causes to which economists point.

Stop Laying Sooner Than Usual.
The great American hen, however, is somewhat responsible for the extraordinarily high price of eggs, according to department of agriculture officials who are reluctant to place all the blame upon cold storage. Heat and drought of the last summer, they say, caused the hens to stop laying sooner than usual.

As to turkeys the rise in price seems to have extended all along the route to the consumer, beginning at the barn-yard, where the farmer received an average of 15 cents a pound for his birds—about a half a cent more than he got last year.

But the turkey is not a Thanksgiving bird at all according to experts.

Green Goose Proper Bird.
"The Lord never intended turkey to be the Thanksgiving food of the country generally," Dr. Mary E. Pennington, the expert in food research in the federal bureau of chemistry said today. "Christmas is the time for turkey. Green goose is the Thanksgiving bird and is generally used in Europe where St. Martin's Day is celebrated about this time of the year. In Colonial days in New England where the winter season sets in early, it was different and more favorable to turkeys, but such conditions do prevail over the United States as a whole."

Prices Uniformly Advanced.
The family which turns from turkey to chicken, pork or beef will find prices uniformly advanced. Hens show an average increase of eight cents a pound, pork two to eight cents; rib roasts two to ten cents.

Sweet potatoes are about the same price as last year, but the white potato crop is 100,000,000 bushels below last year's and dangerous plant diseases abroad which have checked imports have forced an increase there.

Apples, oranges and grapes are scarce because of a short crop. Cranberries with a normal crop are a little higher than last year. Flour and sugar are uniformly cheaper and butter shows no comparative advance.

Eggs, however from incomplete returns dated Nov. 15th., from principal cities show increases ranging from 3 to 24 cents a dozen over last year's prices.

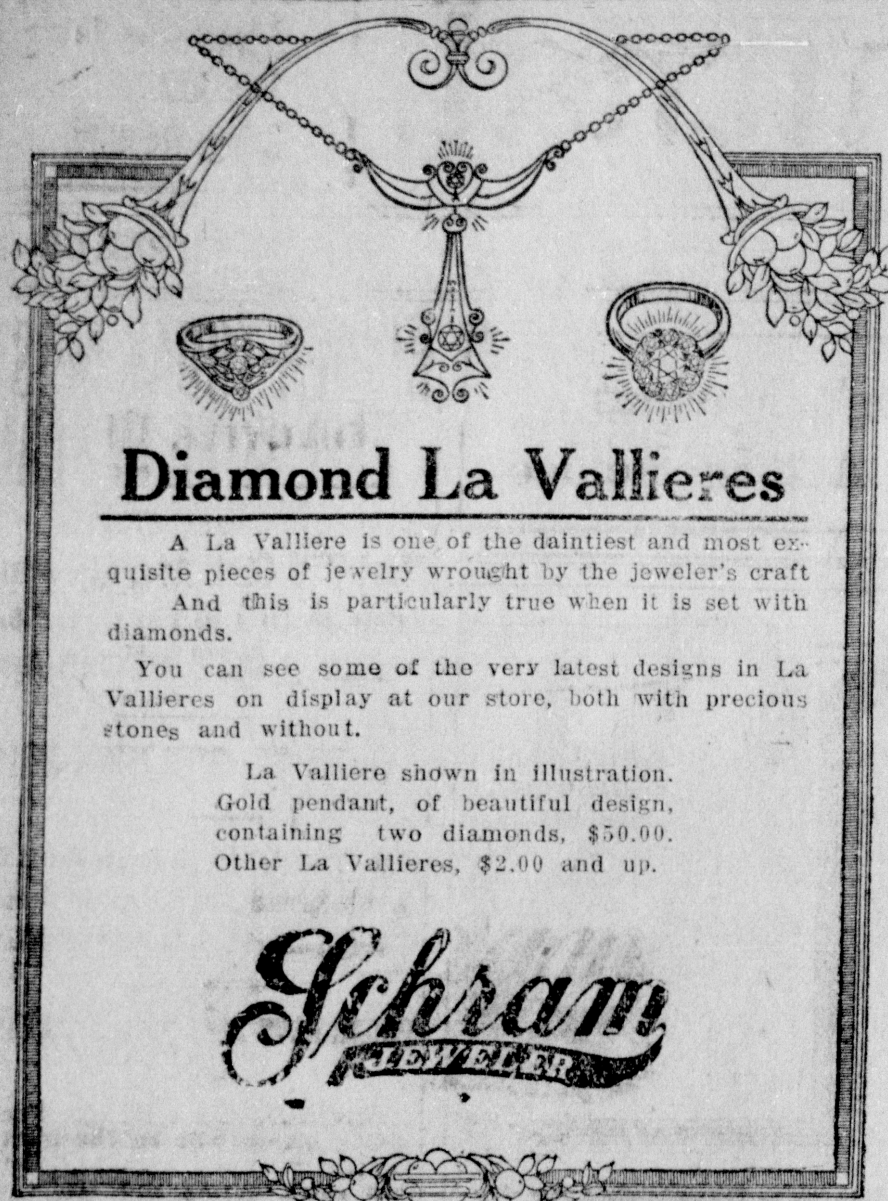

MARINES TO PENSACOLA.
Boston, Nov. 26.—Two hundred marines, 115 from the Charleston and 85 from the Portsmouth, N. H., navy yards left here today for Philadelphia where they will board the Transport Prairie for Pensacola to await further orders. The men wore full field service uniforms.

WEATHER INDICATIONS AND TEMPERATURES.

MONMOUTH WILL BE OPPONENT TODAY

J. H. S. TO MEET STRONG NORTHERN TEAM.

Last Game of Season Will Be Staged on Illinois Field This Afternoon and Record Breaking Crowd Expected—Larson Will Referee.

The football curtain will be run down this afternoon on Illinois field, when the strong Monmouth High School eleven clashes with the Jacksonville High School squad at 3 o'clock. With a string of victories back of them, enough to enable them to claim the championship honors of Central Illinois, the local lads are expecting this afternoon to add one more game to their list. The Monmouth boys have been hard at work in anticipation of the game and they feel that if they can annex the contest it means they claim a slice in the championship of this part of the state, and the J. H. S. men believe that if Monmouth proves a prey to their ability, that it will give them a big standing among the northern teams of Illinois, as Monmouth has a good record.

Just who the stars are among the visitors is unknown, but that will be a part of the day's program to be pulled off this afternoon. It is un-

derstood that the visitors are heavy and play a fast and hard game. They also have been utilizing the forward pass to a good advantage. They defeated Rock Island last Saturday and that team is purported to be a strong one.

Coach Buland has had his men in hard practice every day and the boys are not overconfident of the outcome of the contest. They realize that if the game is annexed it will only be after some head work as well as brawn, is used. Jacksonville will not have the same line-up as went against Peoria Manual. Kenneth Berryman will be absent from center on account of illness. His place will be filled by Dickson. There will be a change in the quarterback position also, as Johnson will not be able to hand the oval around this afternoon. Reynolds, who has been making a good standing as a kicker, will take up the duties of quarter. Sowers or Williamson will play at left guard and Briscoe will go in at right guard. There will be no question as to the outcome of the game if Coach Buland has his same machinery working as smoothly as it did against Peoria Manual Training a week ago. Taking into consideration that this year's team is practically a new one, the members have made wonderful progress and

what appeared to be a losing team in the beginning of the season has turned out to be a contender for down-state honors.

The recent rains have made the Illinois college field somewhat heavy out the management expects to work sufficiently on it to enable a fast and spectacular contest. A muddy field as a rule always gives an advantage to a heavy team, and also works havoc with the forward pass, as the ball gets muddy and is hard to hold.

While their attendance at the football games this season, has been good, there was never a contest pulled off which should not have had triple the number present. Football enthusiasts will go along way before they will see such a high grade college games and high school contests as have been witnessed here this season. They have been far above the average and well worth the small price of admission.

Larson will referee the game today and an umpire will probably be brought down by the visitors. Sorells will be headlineman. Coach Buland has announced the following line-up: L. I. Wood, re; L. P. Wood, rt. Briscoe, rg; Dickson, c; Spears or Williamson, lg; Strawn, lb; Herzing, lb; Reynolds, qb; Sutherland, lb; Haigh, rbb; Killebrew, fb.

MR. ALFRED E. PETERSON WEDS MISS EMMA PIERSON OF VIRGINIA

Popular Young People Plight Troth at Home of Bride's Sister, Mrs. A. F. Strandberg.

A pretty home wedding took place Thanksgiving eve at the residence of Mr. and Mrs. A. F. Strandberg, 134 Howe street, when Miss Emma Eleanor Pierson of Virginia, a sister of Mrs. Strandberg, became the bride of Mr. Alfred E. Peterson. The Rev. C. W. Johnson of Peoria officiated. The young people plighted their troth in front of a bank of ferns in the parlor making use of a pretty ring ceremony.

Miss Margaret Strandberg and Miss Helen Strandberg sang "I Love You Truly" after which the bride and groom appeared while the wedding march from Lohengrin was played by Miss Margaret Strandberg. The bride wore a beautiful creation of white silk crepe meteor draped with shadow lace drop pearl trimmings, wearing a long veil with orange blossoms which were a gift of Mrs. H. M. Shields of Los Angeles, Cal., a sister of the bride. She carried a bouquet of white roses. After the ceremony an elaborate three course dinner was served in the dining room decorated in pink. The young people were the recipients of a number of presents, both useful and beautiful.

At the wedding dinner the guests derived much amusement from the cutting of the cake. The ring was found by Elmer Peterson, a brother of the groom, the thimble by Miss Louise Strandberg and the dime by Clifford Strandberg.

Mrs. Peterson is the daughter of Mr. August Pierson of Virginia, the city in which she was reared. She lived in Jacksonville for a number of years and has a large number of friends here who wish her well. The groom is also a native of Virginia the son of Mr. and Mrs. C. J. Peterson. He was educated in the schools of his home city and in Brown's Business college of Jacksonville. He is a young man of energy and integrity, having a host of friends. Mr. Peterson has been in railroad work for a number of years, serving a good portion of the time as agent for the C. P. & St. L., both here and at other points. The young people will be at home in Jacksonville the first of the year, following a wedding trip to Florida on which they left early this morning over the Wabash.

Among the out of town guests were Mr. and Mrs. C. J. Peterson of Virginia, Elmer Peterson and Misses Esther and Mabel Peterson; A. M. Munson and Miss Lulu Munson of Beardstown; Mr. and Mrs. John Asplund and daughter Esther of Little Indian; Mrs. Helen Angier and daughter Margaret Louise and Miss Ethel Pierson of Virginia.

THANKSGIVING TREAT.
The children of the Free Kindergarten enjoyed a real Thanksgiving treat yesterday morning. Through the kindness of Mrs. Emma Smith, Mrs. Bert Ward and Mrs. J. K. Pierson the children were provided with an ample treat of tarts, apples, candy and cakes. After this songs were given, games played and the babies seated on the floor made a picture not soon to be forgotten. A number of mothers were present. Miss Claribel Hopper and her able assistants did all in their power to make it a joyful time.

Frank and Ed. Mallory have gone to Columbia, Mo. for a short visit with their cousin, Henry Kirklin, a well known market gardener. On their return they will make a business trip to St. Louis.

John Cully left Wednesday via the Burlington for Calgary, Canada.

HA! LOOK AT THIS STUPENDOUS HA! SHOW FOR TODAY!

Two Big Features in Two Parts Each
PART ONE

Artistic in Every Line of Effort

An artistic story presented in an artistic way by artistic players in artistic settings and depicts it all in artistic photography that's why our program has tone and class.

PART TWO

Silas Marner

From the Famous Novel by George Eliot. Two Reel Feature.

George Eliot's novel is undoubtedly one of the most universally known and liked of all the works of fiction. Her wonderful gift of character drawing and her genius as a dramatic writer are clearly displayed in "Silas Marner." We have followed the story very closely, depicting Silas' first stroke of epilepsy in the church, his vigil at the bedside of the dying deacon when William Dane steals the church money and shifts the blame upon Silas. Then the banished Silas becomes a miser, living alone and hoarding his gold. Dunston Cass robs him of his money; Molly, Godfrey's unacknowledged wife dies in Silas' house on the night of Godfrey's marriage to Nancy, leaving Effie in Silas' care. After sixteen years of duplicity Godfrey tells Nancy that Effie is his child and they offer to take her to their beautiful home. In a highly dramatic scene Silas denounces Godfrey and Effie clings to the old man, refusing to leave him.

PART THREE

One continual funniment in a two reel feature comedy.

The Firebugs

The Popular Keystone Fun-Makers. THIS IS A SCREAMINGLY COMICAL DRAMATIZATION OF THE EXPOSURE OF THE "ARSON TRUST," in which a man tries to have his place burned to collect the insurance. Unfortunately he does business with a "firebug" who has a rival, and this rival is piqued because he did not get the business. The fire takes place all right, but the rival extinguishes the blaze, and when the firemen arrive glaring evidence of the incendiary origin is apparent.

PART FOUR

THE RAILROAD INSPECTOR'S PERU—Kalem—A railroad picture that makes you sit up and take notice.

PART FIVE

THE ENGAGING KID—Lubin—A comedy with a punch.

Your Credit is Good

This sounds like an "ad" for a clothing store, but it isn't. However, it concerns a commodity that is just as important to every person in Jacksonville as clothing or any other necessity. We're talking about GAS and ELECTRICITY. We don't desire to tell you about the many advantages of gas and electricity, but we do want to tell you how you can have your house piped or wired for gas, or electricity and never feel it.

Easiest Thing You Know

That's what it is, as observe the following plan: We will pipe or wire your house RIGHT NOW and allow you twelve months in which to pay for the service. Also, we will do the work at cost price. Phone us at No. 111, 589; Bell, 332, or call and we will be glad to give further details.

THE JACKSONVILLE JOURNAL
Established 1843

JACKSONVILLE JOURNAL CO.

CONFIDENCE.

Business and all social relationships are built on confidence. The man who has confidence in no one may expect to be friendless, may just as well retire from business life. In political life or in municipal government the same rule will apply. Legally elected public officials are entitled to confidence and support until such a time as they are proven unworthy. Without such support how in any manner can a city push forward or progress?

The Journal believes the present city administration has been honest in the conduct of public business. It believes, too, that the administration has been economical. That it has not been progressive in the matter of improvements is true and this very fact furnishes one reason why the council is entitled to support in the present movement to better light facilities.

Fortunate and rare indeed is that public official who is never accused of inefficiency, inactivity or dishonesty. In some cases the charges or inferences are correct; in more instances these charges or inferences are the result of mere prejudice. The record of the present administration does not justify the opinion that the city officials cannot be trusted to rebuild the light plant in the best way mechanically and at the lowest possible cost. Informally members of the council have expressed their intention, if the bond issue carries, to employ an expert engineer to draw plans and superintend construction. This intention is later to be made a matter of record.

Jacksonville can have no hope of making progress if in each and every movement that city officials make for material betterments they are blocked or checkmated by citizens and tax payers. Why is it not reasonable for all citizens to join in the present movement for a rebuilt municipal plant? Let Jacksonville keep her own. The present city officials would have the management of the rebuilt plant less than a year. When the next election comes, then the people can choose the men they think the most efficient in business affairs and it will be the fault of the voters if the rebuilt plant does not have the right efficiency in its management.

SOME REASONS FOR KEEPING THE OWNERSHIP OF THE MUNICIPAL LIGHT PLANT.

Because a municipal plant can furnish light for the public library, schools and city building for which the city now pays annually \$2,200.

Because the municipal light plant now supplies heat to the city building, which formerly cost from \$800 to \$1,000 each year.

Because the municipal plant furnishes the current for the fire and police alarm system, which would cost \$1,000 or more per year to purchase.

Because a municipal plant could furnish power for pumping from the Widenham and Daub wells, which is now costing the city \$1,000 per month.

Because the fact of municipal ownership, with the right to sell to private consumers will be a power in the hands of the people to make any producing company be "good."

Because inventions and discoveries within the next few years, judged by the past, may cut the cost of producing electricity in two.

Because no city of any considerable size has ever surrendered its municipal plant, once established.

Because no proposition to furnish the city current or a lighting system has yet been made which did not have three or four long time franchises attached to it.

Because municipal ownership is correct in principle.

Because the percent paid on the gross revenue of a private corporation is unimportant since the people pay the bill.

Because local patriotism dictates such a course.

NO PAPER TOMORROW

In order to enable the employees of the Journal to enjoy Thanksgiving holiday there will be no paper tomorrow morning. The Journal wishes all its readers and friends a pleasant day.

SKINNER FAMILY RETURN.

About eighteen members of the Skinner family are expected today at the home of Mr. and Mrs. G. V. Skinner of 857 South East street for Thanksgiving dinner and a social afternoon. Among the guests from out of the city will be Mr. and Mrs. Harry O. Skinner of Granite City.

NOTABLE COMPANY WILL GATHER AT COLONIAL INN TODAY

Descendants of Elihu Wolcott Will Hold Reunion—Family History Linked With the Best in the Record of Jacksonville.

Descendants of the Wolcott family will gather today for a Thanksgiving reunion at the Colonial Inn. There will be fifty or more in the company which will be notable in many ways. While the name of Wolcott is indissolubly linked with the history of Jacksonville the Kirby and Carter and McLaughlin branches of the family are better known to the citizens of today.

Elihu Wolcott father of Mrs. Hannah McClure Kirby, the wife of Rev. William Kirby and of Mrs. Julia W. Carter, wife of W. C. Carter, was born Feb. 12, 1784 and died Dec. 2, 1858. He became a resident of Jacksonville in 1830 and exerted a powerful influence in the Jacksonville of his day. A successful business man when he passed on, he left a valuable estate. But while he was wealthy, his influence was measured in more important ways and this fact caused President Sturtevant to say at his funeral: "He has gone. We shall no longer be guided by the light of his clear intellect, cheered by his generous liberality or sustained in the hour of conflict by his firm voice and the calmness and tranquility of his spirit. May his children and his grandchildren treasure up all the precious lessons of his life and example and may his brethren in the church ever imitate his steadfastness in all the work of the Lord."

The surviving children of Rev. William Kirby and his wife, Mrs. Hannah McClure Kirby are Judge Edward P. Kirby and Capt. William A. Kirby of this city; Mrs. Frances Caroline McLaughlin of this city; Mrs. Helen McClure Dwight, of New York City, who planned the family party of the day and Miss Elizabeth Bomeroy Kirby of New York City. Mrs. Helen Jordan and Mrs. W. T. Wilson are daughters of Mrs. Catherine Wolcott Ross, now deceased. The Wolcott family as previously suggested has been a very large factor in the development of Jacksonville through the early years down to the present. So important has been that history that it cannot be other than mentioned in this connection.

The company today will include the following, all residents of Jacksonville except as otherwise mentioned:

Judge and Mrs. E. P. Kirby.
Capt. Wm. A. Kirby.
Henry W. Kirby.
Mr. and Mrs. Wm. J. Kirby.
Miss Elizabeth P. Kirby, New York.

The dining room at the Inn will present a most beautiful appearance.

The large circular table will be utilized and the center will contain a glass candelabra with pink shades. Around the candelabra will be hundreds of white poinsons and entwined among the flowers will be gaily ribbons tied to the center piece. Around the edge of the table will be sweet peas and at each place will be Klarnet roses. Above the table will be a canopy covered with apple blossoms and electric lights with apple blossom shades. All the lights of the spacious dining room will have apple blossom shades and in the windows will be hanging baskets. The reception room will be decorated in yellow and the hallway will present an embankment of ferns. Following the dinner courses older members of the family will pay some formal tribute to the Wolcott ancestors.

SOCIAL EVENTS.

H. J. Rodgers and children will enjoy a genuine family reunion today at their home on South Diamond and West College streets. They expect Mr. Rodgers' mother, Mrs. Margaret Rodgers, and his brothers, John and George and families from Waverly.

President and Mrs. Charles Rammelkamp of Illinois college have issued invitations for a company to be given next Thursday evening, December 4th in honor of President and Mrs. David Felmley.

Mrs. E. Spies of 209 East College street was given a pleasant surprise yesterday evening in honor of her birthday. About fifteen of her friends gathered at the residence while she was absent for a short time and took possession of the house. The ample refreshments they brought were greatly enjoyed and the social evening spent will be long remembered by the guests who departed wishing Mrs. Spies many happy returns of the day.

Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Pimples Source of Great Danger

May be Means of Absorbing Disease Germs in Most Unexpected Manner.

Make Your Blood Pure and Immune With S. S. S.

In thousands of instances the most virulent types of blood troubles have been the result of coming in contact with disease germs in public places, and the apparently insignificant pimple has been the cause. It spreads with astonishing rapidity, often infecting the entire system in a few days.

It is fortunate, however, that there is a remedy to cope quickly and thoroughly with such a condition, and thanks to the energy of its producers the famous S. S. S. may now be had at almost any drug store in the civilized world.

This preparation stands alone as a blood purifier. It is somewhat revolutionary in its composition, since it accomplishes all that was ever claimed for mercury, iodides, arsenic, and other destructive mineral drugs, and yet it is absolutely a purely vegetable product. It contains one ingredient which serves the active purpose of stimulating each tiny cellular part of the tissues to the healthy and judicious selection of its own essential nutriment. There are more cases of articular rheumatism, locomotor ataxia, paralysis, neuritis, and similar diseases resultant from the use of minerals than most people are aware of. These facts are brought out in a highly interesting book compiled by the medical department of The Swift Specific Co., 217 Swift Bldg., Atlanta, Ga. It is mailed free together with special information, to all who write describing their symptoms. Get a bottle of S. S. S. to-day, but be careful not to have something palmed off on you falsely claimed to be "just as good."

SUCCESSFUL SWINE RAISER GIVES HINTS

A. J. Lovejoy Tells Something About Practical Hog Feeding—Winter Substitute for Pasture.

When we meet a successful farmer we always try to snuggle up to him and learn something about the things that lead to his success. Here are a few pointers we secured in a conversation with Hon. A. J. Lovejoy of Roscoe, Ill., a most successful swine breeder and feeder:

The pig that is to be sold for meat has but a few months to live, and there should be no let-up in feeding him from birth. It will begin to eat shelled corn at three or four weeks of age; and a little sweet skim milk or a thick mush of the same material as that given the mother is a great help to hasten growth.

Well bred or even good grade pigs should weigh 60 to 80 pounds when weaned at three months of age, and should then go on alfalfa, clover or other green pasture, and have corn twice a day. Late in the summer there should be ready for them a pasture of rape, field peas or soy beans, besides the corn. In their teeth become sore, change to shelled corn, soaked 24 hours in water, slightly salted.

Health Hints. It will pay to have a cool, shady place where it is rather dark, if possible, for the pigs to lie in during the heat of the day, with free access to a mixture of salt, copperas, lime and ashes. The feeder should watch closely that every pig is eating with a relish. If the pigs cough it is probably due to a dusty shed. Worms will also cause a cough, and if the hair becomes staring and dead in appearance, it is well to give a worm powder. Lice can be gotten rid of by dipping and all of the market dips can be improved by adding crude oil or petroleum. The pigs will be ready for market at any age after 6 or 8 months.

In the winter the brood sows should have something to take the place of the green pasture. I know of nothing that will equal alfalfa, bright and green, run through a cutting machine. Two-thirds chaffed alfalfa and one-third shelled corn mixed together and ground in a steel bur grinder, make an almost ideal ration which can be fed dry or mixed thickly with scalding water; a little salt adds relish. It is a cheap ration and has just bulk enough to take the place of grass. If one cannot have alfalfa, bright well cured clover is good. Sorghum cane is a good fall feed until heavy freezing. Mangels or sugar beets are of course very good.

It is very necessary that the brood sows have exercise, that they may bring strong litters of pigs, full of vitality. It is best to keep the same sow for several years if they have proven good breeders and careful mothers; they will raise more and better pigs than the young gilts. Mature sows can be kept breeding, raising two litters annually, and can be carried from year to year after weaning their litters, quite cheaply, with little or no grain after the spring litter is weaned until the fall litter comes, if they can have fresh grass or other succulent feed. A sow should learn to produce as much of the feed as possible ourselves.

MOTION PICTURE FILM BUSINESS WONDERFUL

Figures Compiled by Government Show that Exports of Past Year Would Belt the Globe—England the Largest Purchaser.

Washington, Nov. 24.—Twenty-five thousand miles of motion picture films, enough to stretch around the globe at the equator, will be the export record of the United States in the calendar year 1913. The United States is the world's greatest manufacturer of motion picture films, probably three-fourths of the entire films of the world being manufactured in this country. Large quantities of films are sent out of the country, both as blank and exposed films, and as finished films ready for use in the stereopticon.

Rapid Increase. The rapid increase in this branch of the export trade of the United States resulted in the establishment by the bureau of foreign and domestic commerce, department of commerce, of a detailed record which shows the quantity measured by feet and the value of films exported, from the country; the plain films and those ready for use, separately stated; the countries of destination; and the ports through which this distribution is made. This record shows a total exportation in the nine months ended with September of 65,500,000 feet of unexposed or plain films to be used in other parts of the world in taking motion pictures, and 23,500,000 feet of exposed or finished films ready for use in the stereopticon, making a total of 89,000,000 feet during the period. For the single month of September, however, the total was 14,000,000 feet and should the remaining months of the year make a similar record the total exports of the year which ends with next month would be 133,000,000 feet, or slightly more than 25,000 miles, the distance around the earth at the equator. In 1912, the first full calendar year for which figures are shown, the total length of films exported was 62,250,000 feet, or less than half the prospective total of 1913.

The stated value of the films exported in the nine months ended with September, 1913, is about \$3,500,000, being \$1,811,000 for the 65,500,000 feet of unexposed films and \$1,656,000 for the 23,500,000 feet of exposed films ready for use in the stereopticon; or an average of 2 1/2 cents per foot for the unexposed and of 7 cents per foot for the exposed films.

England Largest Purchaser. England is by far the largest purchaser of films from the United States and this applies especially to the unexposed films. Of the \$3,000,000 feet of films of both classes exported in the fiscal year 1912, 70,000,000 feet went to England, 5,750,000 feet to Canada, a little over 1,000,000 feet to France, 750,000 to the Philippines, over 500,000 to Brazil, nearly 500,000 to Newfoundland and Labrador, 250,000 to Japan. Most of the films going to Canada, Newfoundland and the Philippines are exposed.

The importation of motion picture films amounts to a little more than \$1,000,000 a month, the total for the nine months with September, 1913, being 10,250,000 feet and for the corresponding months of 1912, 12,000,000 feet. Nearly all of the imported films are in the finished state ready for use, the import price averaging from 5 to 6 cents per foot. About one-half of the total importation is from France, which supplied approximately 7,000,000 feet out of 14,500,000 imported in the fiscal year 1912. Italy supplied 2,750,000 feet; England, 2,333,000; and Denmark, 1,250,000; while \$4,000 came from Japan and 83,000 feet from India.

DECLARED CONSTITUTIONAL. Chicago, Nov. 26.—The amendments of 1907 and of 1911 to the state civil service law were declared constitutional by Judge Windes in the circuit court here today. The constitutionality of the law was attacked in an answer by the attorney general of the state to a mandamus suit filed by Miss Mary A. Sellers to compel her reinstatement to a civil service position in the office of the state auditor.

EVERS WANTS TINKER. Chicago, Nov. 26.—Johnny Evers, manager of the Chicago Nationals will try to have Joe Tinker, deposed leader of the Cincinnati club, brought back here to play his old position at shortstop, he said today. Evers did not say what sort of an offer he would make the Cincinnati club for Tinker. A hard hitting shortstop such as he would be appreciated by the West Side team according to critics.

THANKSGIVING DAY FOOTBALL SCHEDULE

Notre Dame Meets University of Texas, Syracuse Meets St. Louis and Annual Cleveland Scrap Takes Place.

Chicago, Nov. 26.—Thanksgiving day football includes a few games of importance this year. There are three games of interest in the central states, two for their inter-sectional nature and one from the excitement it causes in Cleveland.

At Austin, Notre Dame's fast powerful eleven with more than a visionary claim to western and even national first honors will play the University of Texas team. Victory should go to Notre Dame for it is doubtful whether the Texans can frame a defense capable of stopping Eichelburg and Dorals, who trampled over the Army and Pennsylvania State teams. Syracuse, despite its beating by Michigan has a chance to redeem itself and eastern football generally in the game at St. Louis. Case and Western Reserve meet in an annual battle at Cleveland, the criterion event of the year in the home city of both institutions. A bitter struggle is probable.

The schedule includes: Notre Dame vs. Texas, at Austin. Case vs. Western Reserve at Cleveland.

Syracuse vs. St. Louis, at St. Louis. Miami vs. Cincinnati, at Cincinnati.

South Dakota vs. Creighton at Omaha. Illinois College vs. Williams and Vashit at Alamo.

Monmouth H. S. vs. Jacksonville H. S., at Jacksonville.

Pennsylvania Meets Cornell. New York, Nov. 26.—The old custom of playing the final game of the football season on Thanksgiving Day is still adhered to by a few of the eastern colleges and as a result several inter-variety contests are scheduled for tomorrow. The feature game is the meeting of Pennsylvania and Cornell at Franklin field, Philadelphia. Both Cornell and Pennsylvania have been defeated or held to tie games several times this year, yet the successes of their seasons will hinge, to a certain degree, upon the outcome of the final contest of the schedule. To date the annual series has been overwhelmingly in favor of Pennsylvania, for in the twenty games played since 1893, Cornell has won but one game and tied one. In 1901 the red and white ran up a 23 to 6 victory and in 1906 the teams played a scoreless tie.

THANKSGIVING IN NEW ORLEANS.

New Orleans, Nov. 26.—All the attainments of the famous Creole culinary art will be in evidence here tomorrow. While New Orleans was still a French city and Louisiana a French colony the Thanksgiving holiday became an institution, borrowed from the New England sailors and merchants. Second to France, it was with the New England states that the colony did most of the trading. As a result there were always a number of ships in the harbor, manned by New Englanders. In addition there were many New England traders and agents resident in the city.

New Orleans already was famous in two hemispheres for the good cooking which characterized its homes and hotels. On Thanksgiving day it was the custom for the masters of the vessels to arrange a banquet for all their men. No expense was spared on this one occasion and the feasts that resulted were so noted that few historians of the period failed to mention them.

Spectacular as was the annual gluttony of the New Englanders, the festival was not slow in becoming a Crescent city institution. The spiritual side of the day was to a great extent lost sight of, but as a day of big dinners the holiday has been observed regularly for more than a hundred years. On this day, more than any other in the year, the cooks of New Orleans strive hardest to win new laurels. With tables weighted down with every known delicacy provided by the bounties of sea and land, the day continues to be one of the most popular in a city rich in feast days.

DECIDES BUTTER

IS ADULTERATED. Chicago, Nov. 26.—Butter containing more than 16 per cent moisture is adulterated according to a ruling today by Federal Judge Landis. He decided against C. H. Weaver and company, commission merchants who sought to recover \$1,000 from S. M. Fitch, collector of internal revenue. Fitch imposed an extra tax on a consignment of butter because it contained more than 16 per cent moisture and should be taxed as "adulterated butter."

PRELIMINARY HEARINGS BEFORE COMMISSION ARE CONCLUDED

Adjournment is Taken in Order to Afford Time to Analyze the Mass of Testimony Taken at Railroad Rate Hearing.

Washington, Nov. 25.—Preliminary hearings before the inter-state commerce commission on the application of the railroads in eastern classification territory for an advance of five per cent in all freight rates were concluded late today. An adjournment was taken until Wednesday, December 10, in order to afford the commission and opposing counsel time to analyze the mass of statements, testimonials and statistics submitted by attorneys for the road.

The evidence submitted today was designed to demonstrate in concrete and analytical form, the declared necessity for the proposed increase in freight rates. Accounting experts, statisticians, rate makers and experienced traffic officers submitted to the committee a wilderness of tables showing the financial operations of the eastern roads, separately and combined. Many months have been spent in their preparation. They are to be made the basis of the testimony subsequently to be offered in support of the proposed increase. The figures offered today tended to prove that while the roads generally are enjoying an increased business the returns from operations continually are decreasing.

It was stated that the demands of the traveling and the shipping public for improvement and extension of railroad facilities could be met only by the road only as they were enabled to obtain more money. The mass of profit it was asserted was so small as to be almost negligible. It was increasingly difficult to obtain the necessary additional capital with which adequately to maintain, equip and operate the roads.

Elaborate explanations were made of the methods pursued in making the five per cent increase which, substantially, it was developed applies to all traffic except east bound Anthracite coal. On anthracite no increase was made because of pending investment gains by the inter-state commerce commission and by the department of justice.

FIFTIETH ANNIVERSARY

MOIGAN'S ESCAPE.

Columbus, Ohio, Nov. 26.—Some of the old time residents of Columbus recalled the fact that today was the 50th anniversary of one of the most stirring civil war incidents that occurred in this city—the sensational escape of Gen. Morgan from the Ohio state penitentiary. After raiding a large section of Kentucky, Gen. Morgan at the head of a daring little band of cavalymen had crossed the Ohio river and had penetrated the state so far as Steubenville, the most northerly point to which the flag of the confederacy was carried during the civil war. The advance of Morgan's men created great alarm throughout Ohio and it was with a feeling of relief that the people learned of the capture of the daring leader and his lodgment behind the bars of the state prison. Equally great was the sensation caused by his escape. The method by which he obtained his freedom has always remained a deep mystery. Many persons believed that he and his companions had fled through a secret tunnel from the prison to the Cincoti river. But when a large part of the prison was torn down and rebuilt a year or two ago no evidence of such a tunnel was found. The cell in which Morgan was confined was left intact for half a century and was marked by a tablet inscribed with the date of the escape. The generally accepted belief is that the confederate leader received aid from sympathizers inside the prison, whose assistance made his escape an easy matter.

THANKSGIVING SERVICES.

Union services will be held in the Congregational church this morning at 10:30. As is the custom, the offering will embrace all the city's charities. While the general offering will go to the Associated Charities, marked envelopes will be received for "Passant Charity Fund," "Free Kindergarten," "Anti-Tuberculosis Society."

PERMISSION IS GRANTED.

Jefferson City, Nov. 25.—The state public service commission today granted permission to the Chicago, Milwaukee & St. Paul railroad company to issue \$50,000,000 of 99 year mortgage bonds.

The mortgage is to cover the 10,000 mile main track of the company and all of its holdings. The object sought by the issuance of the bonds is the consolidation of all the company's indebtedness into a single mortgage.

GRANTED DIVORCE.

South Bend, Ind., Nov. 25.—Mrs. Albert Cowden, 59 years old, today was granted a separation from Rear Admiral Cowden, U. S. N., retired, 71 years old, by the circuit court here. The separation was allowed upon Mrs. Cowden's cross complaint to a petition filed by her husband asking for an absolute divorce. She alleges that the admiral had deserted her in Europe.

TOM SHARKEY HAS BIRTHDAY.

New York, Nov. 26.—Great excitement prevailed in East Fourteenth street today when a rumor was circulated that Tom Sharkey was buying a kettle of suds for all who entered his thirtieth birthday.

Why this generosity on the part of the sailor? queried a Tammanyite of his friend.

"It's Tom's fortieth birthday," was the answer.

"That may be," responded the Tammanyite, "but if it was Tom's 140th birthday he wouldn't be spending anything but his time."

But the report was true in so far as it concerned the birthday anniversary, for Thomas J. Sharkey, the former heavyweight pugilist, was born in Dundalk, Ireland, forty years ago today.

Before making his debut in the fight game Sharkey plowed the racing main, his principal duty being to arise at 3 a. m. and light the fire on board one of Uncle Sam's

battleships. He was so saving of the coal that he could have kept the job for life, but hearing one day that there was more money in pugilism Tom quiet he naval service and bought a pair of boxing gloves.

For a time the ex-sailor was wonderfully successful as a fighter and it looked as though he might have championship stuff in him. Before he finally quiet the ring, now about ten years ago, he fought Jeffries, Corbett, Fitzsimmons, Ruhlman, Maher and all the big fellows of that day. It is said that Tom still has every dollar that he earned in these fights.

REDUCE THE COST OF LIVING

C. J. Brand of the Department of Agriculture in the address before the American Association of Colleges a few days ago said: "Our department is advocating more direct buying to reduce the cost of living."

This means that the U. S. government recognizes that one of the main factors in the high cost of living is the paying tribute to one or more middlemen, each of whom add to the actual cost a certain amount of expense for profit. Until the article is finally in the hands of the consumer, it costs him two or three times as much as the original producing cost. Therefore, when buying from us you buy direct.

We are the producers and sell direct. We take the raw materials, cloth linings, etc., which we buy direct from the mills, cut and make your garments, deliver them to you direct without your paying one cent tribute to the middlemen.

You are paying only one expense—one profit.

You are leaving almost all of your money at home.

You are giving work to a dozen families and as many more helpers.

You are getting a garment tailor-made to your measure for the same or less than you pay for others.

You have a garment which we guarantee will look as well after a season's wear as when new.

You have only a trial to make to prove the truth of these assertions and to be convinced of the opportunity that lies at your hand for the taking.

The New Service Consists of

The renowned films such as Vitaphones, Essanays, Edison, Biograph, Selig, Pathe and Lubin. There will be four and five reels every day. If there should happen to be two photo-plays each in two parts then there will be the single film also and if there are no two reel features then there will be four single reels. Owing to the fact that when once shown at the GEM and that they never appear at any other house the same program will be shown two days, changing three times a week to accommodate the hundreds who naturally miss the first performance, but can see it the following day.

A big double program daily.

The Admission Will Be
Children 5c; Adults 10c

No man is Stronger Than his Stomach

The Medical Adviser by
R. V. Pierce, M. D., Buf-
falo, N. Y. answers hosts
of delicate questions
about which every man
or woman, single or mar-
ried ought to know. Sent
free on receipt of 31 one-
cent stamps to pay for
wrapping and mailing.

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill-nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form; or send 50 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, and a trial box will be mailed you.

ARENZVILLE.

G. R. Leeds of Illinois, Ill., visited M. B. Shrewsbury the past week. Will Thomas has returned from a visit at Bowling Green Mo., Saturday night.

Miss Hazel McCarty has returned home from a visit in Virginia. Frank Arenz of Jacksonville visited his sister, Mrs. Will Arenz, who is quite sick.

Mrs. W. L. McCarty and daughter, Miss Hazel, expect to go to St. Louis this week.

Lideon Leeds and Mrs. Clara Long were guests of Bert and Ross Long the first of last week, near Markham.

Rev. H. J. Floeth of Concord was calling on the members of the M. E. church recently.

T. H. Burris attended the funeral of George Naylor at Meredosia Sunday.

Ralph Van Fossen of Beardstown was a recent business visitor here. Mr. Carson of Jacksonville was a caller here Wednesday.

Mrs. Viola Klokner has returned from the hospital at Jacksonville.

Dr. Albert Kraft, wife and children have returned to their home in Missouri after a brief visit with relatives.

Lideon Leeds and Mrs. Clara Long spent the day with George Brunck, south of town, also Charles Nickel. There was a interesting time had. These two old comrades talked of Sherman's march to the sea and battle of Chattanooga and said if they had a spread like Mr. Brunck had they would have been sick.

Mrs. W. Y. Jackman of Chicago is visiting her sister, Mrs. Willie Arenz, who is very ill.

Ernest Weaver was a caller in Jacksonville Wednesday.

Mrs. Ed Shrewsbury was a caller in Jacksonville Monday.

NOTES FROM THE LABOR WORLD.

Austria has 117 labor papers.

Women carpet sewers of San Francisco have organized.

The strike of the Michigan copper miners is now in its 17th week.

There are more than 550 licensed employment agencies in London, England.

The International Hod Carriers' union pays its president a salary of \$4,500 a year.

Chicago is to be the permanent headquarters of the International Union of Steam and Operating Engineers.

The International Brotherhood of Electrical Workers is seeking to organize the women telephone operators.

More than one million workers employed in the metal industry in Germany get a week's vacation annually with pay.

The building trades unions of St. Paul are agitating in favor of a 44 hour week for all building trades workmen.

An eight hour day for child workers has been established by law in Colorado, Illinois, Kansas, Arizona, Minnesota, Missouri, Nebraska, New York, Ohio and Wisconsin.

Statistics issued by the Russian factory inspectors indicate that the working class unrest, which had been delayed during the years 1908-10, has more recently reappeared in a steadily increasing ratio.

The Ohio Federation of Labor adopted at its annual convention a resolution declaring for the establishment of a life insurance department by the state. The recent amendments to constitution authorized the state to issue insurance contracts.

The branch organizations of the Brotherhood of Operative Potters are voting this month on a proposal to purchase land in Burlington county, N. J., for a sanitarium and farm rest home for members who have contracted tuberculosis, other and hereditary diseases in their work.

It is said that a bill will soon be introduced in congress for the establishment of a national government employment bureau. The proposed measure will, it is said, be based upon the systems now in use abroad, notably in Germany and England. It will authorize the office of the office buildings in every city as a labor employment bureau for employers and workers.

The coppersmiths employed by the Missouri, Kansas & Texas railroad system have been granted an increase in wages, shorter hours and improved shop conditions. Apprentices and helpers are also included. With the advance granted to the coppersmiths, the M. K. & T. has now increased the wages of four crafts employed in its shops, the others being the machinists, boiler makers and blacksmiths.

When James Lynch retires from the presidency of the International Typographical union next month to begin his new duties of state labor commissioner of New York he will be succeeded at the head of the typographical union by James M. Duncan, who is now first vice president of the organization. Mr. Duncan is a resident of New York, where he has been prominent in organized labor circles for many years.

NOTICE.

There will be a meeting at Public Library Dec. 2, at 7:30 p. m. Address by Mr. Thomas Worthington. This is the first of a series of meetings arranged by Equal Suffrage League and the Civic League. There will be discussion on municipal subjects. This will be a meeting for Women Voters and all are urged to be present.

TWO PERSONS ARE THROWN INTO CHICAGO RIVER FROM AUTO

Motor Topples Over Edge of Cantilever Bridge—Occupants of Car Are Rescued by Boat Crew.

Chicago, Nov. 25.—Frank Williams and Miss Mary Sceran were thrown into the Chicago river to night from an automobile which toppled over the edge of a cantilever bridge being raised. They were rescued by the crew of the fire boat Graham Stewart which was bound for a fire. The two leave of the bridge had arisen about fifteen feet when the automobile started on its plunge. The machine struck the other half of the bridge and its two occupants were thrown clear otherwise they probably would have drowned. The automobile sank quickly.

WOMAN'S COLLEGE NOTES.

The annual Thanksgiving celebration of the college will be observed today, the house students and faculty all attending church in a body. Following the Thanksgiving dinner, a delightful program of toasts has been arranged. One of the customs of the school has been the sending out of baskets of provisions to needy families, whose names are handed in by the Associated Charities or by the local pastors. The students at the various tables contributed towards the purchasing of supplies, so that in this way quite a number of homes are made glad.

At the chapel service Wednesday morning Dr. H. C. Woltman gave a lecture to the students on "How to Keep Well," laying particular stress on the diseases of the lungs and how to prevent them. This is the first in the series of lectures which will be given by local physicians to the students during the school year. The college appreciates the service which these men are giving in the interest of good health.

Dr. Jacob A. Riis will lecture Friday evening in Music hall. His subject will be "True Americans." This is a lecture which Dr. Riis gives before clubs and schools and is particularly adapted to the audience which will hear him Friday night. Those planning to attend should call up the office and secure tickets. These may be reserved early and called for at the door.

E. B. Houck returned Saturday night from a trip in southern Illinois and southwestern Missouri in the interest of the college. He left Monday for a few days' trip in northeastern Missouri.

RESIGNS FROM BOARD.

St. Louis, Mo., Nov. 26.—The resignation of W. K. Bixby from the board of directors of the St. Louis & San Francisco (Frisco) railroad and the severance of connections between B. F. Yoakum, chairman of the board of directors of the Frisco and the board of directors of the St. Louis Trust company became known here today.

Mr. Yoakum did not formally resign, but ordered a local broker to sell his ninety shares of St. Louis Union Trust company stock. The sale automatically removed him from the directorate of the board.

H. Babie and family were Neelyville callers Sunday.

Mrs. O. Clark purchased a washing machine of Ed Ramit.

Ernest Jordan called at the home of Mrs. Fred Kortz.

Lewis Koddy is the proud owner of a fine auto.

N. Little has purchased a home in Merritt and will move there in the near future.

Mrs. Earl Williams has moved to Chapin.

Mrs. Lashmet and Mrs. Brown spent Saturday in St. Louis.

L. Buchanan and wife called at the home of his mother.

Hunger the Best Sauce.

FEDERAL AUTHORITIES SEIZE 700 GALLONS OF WHISKEY

Officers Capture Entire Outfit of Caravan Crossing Into Oklahoma From Arkansas.

Poteau, Okla., Nov. 25.—Seven hundred gallons of whiskey and alcohol, ten horses and five wagons were seized by federal authorities near here today shortly after the caravan had crossed into Oklahoma from Arkansas. Six men including John Silva, a restaurant man of Krebs, Okla., were arrested. As the commander of the Caravan he was placed under \$7,000 bond. The seizure, the most valuable of its kind since the government declared war on the traffic into the Indian country, is said to have brought a profit of \$5,000 to the owner.

Kidney Troubles Attack Jacksonville Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years.

Can't control the kidney secretions.

Girls are languid, nervous, suffer pain.

Women worry, can't do daily work.

Women have lame and aching backs.

If you have any form of kidney ills.

You must reach the cause—the kidneys.

Doan's kidney pills are for weak kidneys.

Have brought relief to Jacksonville people.

Jacksonville testimony proves it.

Mrs. Mabel Hiles, 471 South East St., Jacksonville, Ill., says: "We used Doan's Kidney Pills in our family with fine results. They brought quick relief from backache and other symptoms of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.—Adv.

TURKEY DAY GAMES IN WEST.

Chicago, Nov. 26.—Thanksgiving day games tomorrow will bring to an end the college football season with only one contest of great importance scheduled for the middle west. An intercollegiate game at St. Louis between Syracuse and St. Louis university will be the principal attraction. Another contest of interest to this section, however, will be the game at Austin, Texas, between Notre Dame and the University of Texas. The Notre Dame team is a favorite on account of its defeat of the Army and Penn State eleven. Texas, however, is credited with having the strongest team in the southwest this season and the contest between the two is expected to furnish some good sport.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young—is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. The Olive Tablet Co., Columbus.

HAVE AGREED TO EXHIBIT.

London, Nov. 26.—The Berlin correspondent of the Daily Mail asserts that 1,400 Great German firms and corporations have agreed to exhibit at the Panama-Pacific exposition at San Francisco in 1915 and that thus Germany will have the greatest display that she has ever had in any exposition in history.

An appeal will be presented in the Reichstag, the correspondent asserts for an appropriation of \$500,000 for a German building at the exposition and there is sufficient parliamentary support in sight to vote the grant by a large majority.

Remedy as Bad as the Disease.

"On the seventh of February I contracted a severe cold followed by a cough and final loss of voice. I tried many remedies none of which did me any good. I then went to my family doctor and he swabbed my throat five or six times with some abominable stuff. I think it was beneficial but the remedy was as bad as the disease. At last the thought struck me—why not try Chamberlain's Cough Remedy. I did so and this morning my voice is fairly good and is gradually growing better," writes H. C. Clay, publisher of The Reporter, Rapid City, Manitoba. For sale by all dealers.—Adv.

BEACHY LOOPS THE LOOP.

San Diego, Cal., Nov. 25.—Lancon Beachy, the aviator, looped the loop twice in the air above North Island late today. The feat was accomplished apparently with ease.

Starting at a height of 2,500 feet, Beachy dropped straight downward into the first loop and immediately turned over again into the second, landing afterward. At no time, seemingly, was there any loss of control, nor did he experience any difficulty.

A GENEROUS GIFT.
Whitehall people were feeling very
complacent yesterday over the fact
of a generous gift from a worthy
resident of the place. A few years
since Mrs. Seth Griswold gave White-
side park to the town and yesterday
announced a further gift of three
thousand dollars making the total
of her benefactions ten thousand
dollars which will materially in-
crease the size of the park and add
to its attractiveness.

PRICES DECLINE IN DULL STOCK MARKET

**UPWARD SPIRIT EXHAUSTS BUY-
ING POWER OF THE MAR-
KET**

**Heavy Outflow of Money Continues
With Large Shipments of Gold
to Canada—Money Market Con-
ditions Restrict Speculation—Call
Money Rises to 5 Per Cent.**

New York, Nov. 26.—Prices dropped
slightly today in a dull and nar-
row stock market. The upward
spurt of yesterday appeared to have
exhausted the buying power of the
market which fell back into a con-
dition of stagnation, with small,
meaningless fluctuations.

Money market conditions tended to
restrict speculation. The heavy outflow of money con-
tinued with large shipments of
gold to Canada. The amount en-
gaged for the dominion today was
\$4,350,000 which brought up the to-
tal for the movement to \$10,700,
000. Several influences combined
to bring about the large movement
of gold to Canada. Heavy selling of
Canadian grain bills on this market
against shipments of grain now com-
ing on through American ports;
floating of Canadian bond issues
abroad recently; payment of the last
installment on the new Canadian
Pacific stock issue and the increased
gold requirements of Canadian banks
under the new banking law were
factors.

Call money rose to 5 per cent, in
response to the outward movement
of funds and preparations for inter-
est and dividend payments on De-
cember 1st. At the close of Novem-
ber last year call money advanced
to 20 per cent.

Reports from the steel trade again
were pessimistic. An estimate at-
tributed to an independent steel
manufacturer was that over 50,-
000 steel workers had been laid off
or were working on short time.
Steel trade reviews were unfavor-
able and a large shrinkage in United
States steel's unfilled tonnage was
predicted for next monthly state-
ment.

FOREIGN INFLUENCES EASE WHEAT PRICE

**LATEST PRICES ARE STEADY AT
SHADE TO 1/2 CENT DECLINE.**

**European Markets Ignore Recent
Advance in Futures in This Coun-
try—Corn Futures Sagged Owing to
a Lack of Demand in the Pitt.**

Chicago, Nov. 26.—Wheat eased
off a little today. European markets
having virtually ignored the recent
advance in futures on this side of
the Atlantic. Latest prices were
steady at a shade to 1/2 cent decline.
Corn closed unchanged to 1/2c
lower, oats off 1/2c to 3/4c and provi-
sions varying from a setback of 5c
to a rise of 2 1/2c.

On account of the holiday tomor-
row there was not a great deal of
selling in wheat. As a result values
did not recede far.
Bullish estimates of the Russian
crop helped to sustain the wheat
market here and so also did a re-
port that the European rye crop
was short 180,000,000 bushels.
Wet weather hardened corn but
prices sagged owing to lack of pit
demand.
Discouraged speculative investors
sent oats down.
Higher prices for hogs were large-
ly responsible for the rally in pro-
visions.

**JOHN YOUNG IS ACQUITTED
ON BUGLARS AND LARCENY CHARGE**

Was Accused of Taking Canned
Goods From Freight Car at Lit-
terberry—Docket Set for Ten Days.

In the circuit court Wednesday,
John Young of Litterberry was ac-
quitted of the charge of burglary and
larceny. The defendant is a young
farmer and stock dealer and is well
connected in the Litterberry neigh-
borhood and there was some sur-
prise when he was charged with
breaking into a C. P. & St. L. freight
car some weeks ago and stealing a
case of canned corn. The jury which
heard the evidence included:

The following orders were enter-
ed yesterday by Judge Thompson:

W. T. Merriweather vs. Earl Fox,
appeal from J. P. Cross motion by
plaintiff to prosecute as poor per-
son.

Chancery.

M. C. Hook vs. W. E. Spaulding et
al, foreclosure and decree satisfied
and cause stricken.

referred to master.

Carrie Covey vs. Geo. Covey, div-
orce, motion of complainant for tem-
porary alimony and solicitors fees.
Belle Daley vs. James Finch, et al,
partition, cause referred to master.

DOCKET SET.

The docket for next week was set
yesterday as follows:

Monday, Dec. 1st.

Almarinda Harris vs. Andrew Har-
ris, divorce.

QUICK RELIEF

FOR RHEUMATISM.

George W. Koon, Lawton, Mich.,
says: "Dr. Detchon's Relief for
Rheumatism has given my wife
wonderful relief for rheumatism.
She could not lift hand or foot, had
to be lifted for two months. She
began the use of the remedy and
improved rapidly. On Monday she
could not move and on Wednesday
she got up, dressed herself and
walked out for breakfast." Sold by

A PLEASANT SURPRISE.

Yesterday p. m., after school the
teachers in the Jefferson, first ward,
school building gathered in one of
the rooms and when all was in read-
iness, the principal, Miss Clara Cobb,
was invited to enter and when she
was safely within the young ladies
told her she was to be the guest of
honor at a little social impromptu
gathering.

The worthy principal was com-
pletely surprised but accepted the
situation with her usual
grace and pleasing manner. A so-
cial time was most happily enjoyed
and delicious refreshments supplied
by the teachers added to the pleas-
ure of the occasion.

The relations existing between
teachers and principal in this in-
ing are very cordial and harmonious
and little affairs like this serve to
lighten the tasks and add pleasure
to the daily toil of a faithful teach-
er's life.

Miss Cobb expressed her thanks in
a cordial and courteous manner and
all went away pleased with the af-
fair which though impromptu was a
complete success.

A Hint to Young Mothers.

"When my children show the
slightest symptoms of being croupy
I give them Chamberlain's Cough
Remedy, and when I have a cough
or cold in the lungs I take it for a
few days and am soon rid of the
cold," writes Mrs. Clay Fry, Fru-
son Sta., Mo. The first symptoms
of croup is hoarseness, give Cham-
berlain's Cough Remedy as soon as
the child becomes hoarse and it will
prevent the attack. This remedy
contains no narcotic. For sale by all
dealers.—Adv.

BUSY ANSWERING QUESTIONS

James Groves, the well known
nimrod, is helping put the "Made in
Jacksonville" exhibit in order and
while at work wears his hunting
clothes and boots and even when he
has no gun he has to answer about
fifteen to thirty times a day the
question, "Been hunting?" "Any
luck while you were out?" "Been
hunting or just getting back?"
"Where are you going this time?"
He is good natured but when he
walked down town yesterday with
his gun he was going to loan a friend
the questions came so thick and
fast he seriously considered placing
a card on his breast and back stating
the facts.

"WHEN DREAMS COME TRUE."

Quincy Journal: This is the title
of a well executed picture which ap-
pears in the advertisement of a large
mail order house. The artistic merit
of the work is sufficient to invite
close attention. Light and shadow
effects are used to advantage and
the artist has lived up to his reputa-
tion as a master of perspective.

But it is the title that chiefly con-
cerns us here—the title and the sen-
timent it conveys. It is this phase of
the matter that proclaims the artist
a wizard of pen as well as of brush
—a past master in the gentle art of
irony. Perhaps the artist had the
title given him and had nothing to do
but merely draw the picture. If it was
the advertising man of the mail or-
der house who supplied the title, then
honors are about even.

At any rate the picture in question
shows a young couple seated on the
crest of a hill and looking off into
the distance. Away beyond, appear-
ing out of a bank of clouds, rises a
high building. There can be no ques-
tion of the character of the building,
for business has tempered art and
emblazoned on the walls the name
of their particular mail order house.
"When dreams come true!" The
least observing of us can tell at a
glance that those things the young
people are dreaming that in some
room or cupboard of the catalog
house are the money and fine clothes
and precious stones that mean so
much to all young folks. And it is
such a simple matter! Why do they
hesitate? All they have to do is
"harness every one of their hard-

earned dollars" (according to the
words of the "ad") and haul those
treasures out of the catalog house's
vaults.

Surely they have at home the
handsome thousand-page catalog,
listing the wonderful "bargains,"
that are attainable. Right there on
the first page in huge letters is list-
ed the famous CRACKERJACK
cracker at four cents a box. These
crackers always sell at five cents a
box. It says so in the street car
advertisements and that is what they
cost at the corner store. And if
these crackers are so cheap, HIS hat
and HER shoes and the dining-room
table for BOTH of them must be
cheap in proportion at the prices
given.

The "ad" writer takes takes up
the story.

"THE CONSERVATION OF THE
DOLLAR IS THE VITAL ISSUE
IN THESE DAYS OF HIGH LIV-
ING."

Right again! And the way to con-
serve the dollar in the full sense, is
to keep as much of it as you can
and spend what you have to in such
a way that A PART OF IT WILL
COME BACK TO YOU.

Let these young folks stop dream-
ing of the big castle in the air and
start to consider that wonderful
ENDLESS CHAIN OF TOWN LIFE,
upon which the prosperity of the
community and the individual is
built. If Neighbor White, who runs
the general store on the corner gets
that dollar, he will probably give
ten cents of it back to you, young Adv.

man, in return for the potatoes and
turnips and corn that will spring up
in the wake of your plough. And
you will get ten cents of that dollar,
young woman in return for the but-
ter you are about to churn and the
eggs that are awaiting you in the
hen house.

But the dollar that goes out of the
town is sure enough gone. Not a
cent of it will ever come back to
you. The storekeeper on the corner
does not live on dreams. He lives on
the dollars you give him for his mer-
chandise. And if you and everyone
else in town tire of his honest and
entirely satisfactory goods at fair
prices—preferring to take a chance
on those goods in the clouds—when
you all become slaves to the "bar-
gain dream"—will the gentlemen
who live in that HOUSE OF
DREAMS come down to buy YOUR
potatoes and corn and turnips and
butter and eggs?

Jacksonville Merchants are Giving the Famous
J. N. GREEN STAMPS

Representative Jacksonville merchants from now on will of-
fer their customers a substantial discount in return for their
cash trade. They are giving the famous J. N. Green Trading Stamps
which for years have been recognized as the most valuable of all pre-
mium inducements and are endorsed by thousands of merchants
throughout the United States.

The premiums you can so easily obtain with
the Little Green Stamps include Furniture, Cut
Glass, Chinaware, Silverware, Household Nec-
essities, Leather Goods, Blankets, Toys for
the children and even fine jewelry.

The local merchants who have adopted this
greatest of all profit-sharing plan will furnish
you with a book in which to keep your stamps
and when it is filled you can exchange it for
your choice of a remarkable line of standard
merchandise on display at our premium parlor,
315 West State street.

Keep this fact also in mind, and that is, that
Hamilton coupons, packed with a large variety
of goods you purchase for daily use. American
Tobacco Company's tags and coupons as well
as many soap wrappers, trade marks, labels,
etc., are exchangeable for J. N. Green Stamps
at our premium parlor. This means double
stamps with many of your purchases and a
remarkable help in filling your books and ob-
taining your premium more quickly.

BOYS ARRESTED.

James Miller and John Buck were arrested Wednesday by Policemen McGinnis and Eads. The lads had gained admission to the Jefferson hotel property on Illinois avenue which has been vacant for some months and had gathered together a large quantity of brass and copper. They had secured this mainly from the fixtures in the bar room. They were of course intending to sell the stuff for junk. The boys are about fourteen years of age.

SPECIAL NOTICE.

WE SHALL NOT WAIT UNTIL JANUARY TO CUT THE PRICES OF OUR READY-TO-WEAR GARMENTS, FURS AND MILLINERY. WE WILL GIVE YOU THE BENEFIT RIGHT NOW. THE CONTINUING MILD WEATHER MAKES THIS CUT PRICE SALE NECESSARY.

WAR DEPARTMENT ASKS GREAT INCREASE IN APPROPRIATION

Secretary Garrison's Estimates Aggregate \$106,000,000—Agricultural Department Asks For \$25,000,000.

Washington, Nov. 26.—Record breaking estimates for army appropriations were laid before congress today by the war department.

Secretary Garrison transmitted to the house his estimates for the military establishment during the next fiscal year, aggregating \$106,000,000 which is roundly \$10,000,000 greater than the figures submitted a year ago for the army bill.

The house committee will begin work immediately on the army bill with hearings on December 3, at which Secretary Garrison and the heads of the various branches of the army will be called upon to explain the proposed increases in expenditures of the army.

Agriculture Appropriation.
Washington, Nov. 26.—Secretary Houston wants congress to appropriate \$25,000,000 for the agricultural work of the government. His estimates will be submitted this week and the house committee on agriculture will begin consideration of the agricultural bill early in December.

Chairman Lever of the committee has conferred with Secretary Houston and they will co-operate in a number of plans the department has in view for making its work more effective for farmers.

They are nice ducks, chickens and turkeys, oysters and celery. Open till noon. Will deliver. Zells Grocery.

A CLERICAL VISITOR.

The congregation of the First Baptist church will have the pleasure Sunday of hearing Rev. J. H. Sheppard D. D., of Port Richmond, New York, both morning and evening. Dr. Sheppard is a young and brilliant divine who has been a number of years in his present location and is a gentleman of many rare qualities. He is a fine elocutionist and has a large repertoire of pieces both grave and humorous, is a pleasant man in conversation and has the happy faculty of making himself wholly at home with all whom he meets. All who are so fortunate as to hear him Sunday will doubtless be treated to something of more than ordinary interest.

BODY OF MINA YUWELL EXHUMED WEDNESDAY MORNING

Post Mortem Examination Is Made and Coroner's Inquest is Re-Opened—Reports of Alleged Abuses Start Investigation.

In an effort to determine the exact cause of the death of Miss Mina Yuwell, who died at the home of J. E. Davenport, in the Pisgah neighborhood on the morning of October 23, from the effects of taking carbolic acid, the remains were exhumed at the cemetery at Pisgah Wednesday morning when the viscera and other parts were removed and sealed in a bottle for further examination.

State Board Started Enquiry.
Reports alleging that the girl had been treated badly by members of the Davenport family were brought to the attention of workers of the State Board of Administration and they caused the coroner's inquest to be reopened, the body to be exhumed and the post-mortem examination made.

Rev. Charles Virden, state agent for the Board of Administration; Miss Mary S. Jewell, state visitor for the board; Coroner George W. Wright, Deputy Coroner John G. Reynolds, Dr. Carl E. Black and Dr. George Stacy and Rev. Mr. Bowyer of Springfield went to Pisgah Wednesday morning when the body was taken out of the grave. The jury that heard the evidence in the first case and which is composed of the following men, was reconvened: George S. Beckman, foreman; Riley Spahnower, George Wood, James D. Pike, Sr., T. B. Buchanan and W. M. Beckman, clerk.

Fourteen Witnesses Examined.

Fourteen witnesses were examined by the jury Wednesday after which adjournment was taken until the report on the post mortem is ready, which will probably be the first of next week. It is understood that at that time a large number of new witnesses will be examined before the case is closed.

The witnesses examined Wednesday were: Dr. J. M. Elder, who was called when the girl was found dying; Miss Margaret Duffner, teacher of the school which the girl attended; Theodore J. Lukeman director of the Sulphur Springs school; J. B. Wood, a neighbor of the Davenport family; Mrs. James B. Wood, Miss Effie Irene Lukeman, a pupil at the Sulphur Springs school; Mrs. Alfred Davenport, Miss Marjorie Davenport, daughter of J. E. Davenport, at whose residence the girl made her home; Robert Montgomery, George home; Robert Votsmeier of Franklin, Ernest Waters, who worked for J. E. Davenport for a time and Mrs. J. A. Dyer.

In his testimony John Votsmeier, a liveryman of Franklin said that he had heard various reports alleging that the girl had been mistreated by the women members of the Davenport family and while driving Miss Jewell through the country he told her about the reports and that the case should be investigated. Others testified that they had heard of alleged abuses that the girl had suffered and Miss Duffner stated that the girl had been present at school 27 days during the eight months term of 1911-12. Dr. Elder told of being called when the girl was found lying on the floor of the Davenport home and also stated that he had been present at the post mortem conducted Wednesday.

Denies Accusations Made.

Miss Marjorie Davenport in her testimony denied the accusations that the girl had been mistreated and stated that she never whipped the girl although she may have threatened to whip her.

It will be remembered that Mina Yuwell, who was taken into the Davenport home from the Woodlawn home of Quincy when she was about 11 years of age, committed suicide October 23, by taking carbolic acid. A short time after arising that morning someone was heard groaning in the dining room and the girl was found lying on the floor. Dr. J. M. Elder of Franklin was called but when he arrived the girl was dead.

HILLERBY'S
SAFEST PLACE TO TRADE

FOR A YEAR we have been investigating the cash and credit problem. We find that outside of the large city, Dry Goods Stores have been changing to cash. In order to pay cash for our goods we must get cash. The cost of business has increased very much in the last 10 years. The old type of credit customer who bought all their goods of you and paid twice or once a year is gone. People buy little and often and where every they happen to be. They travel around a good deal too in these days. Another thing accounts run smaller and are just as much trouble to collect. Every store has some valuable credit accounts—but no account is as good as the cash in hand. Every store depends on their daily cash sales to keep the machinery going—then there is so much loss and uncertainty connected with the credit business. The cash man has a right to the lowest prices. As a matter of fact custom does this way. If you pay for your groceries at some store in this town they will thank you—but if you let it run and pay in a month or so you'll get a bag of oranges or candy. This is custom, but it's wrong, the cash man ought to have the advantage every time. We are working for the best trade. It matters not whether the cash comes from east, west, south or north, so it counts a 100 cents to the dollar. Every customer is our guest. After our careful investigation and searching we find numerous stores are giving their customers premiums in some way or other. The best plan we have discovered is the S. & H. Premium Stamps used by representative stores all over the country. (We think many of our credit customers have goods charged a good deal from force of habit. We get a discount when we pay cash for our bills and are willing to give you a discount too.)

Savings Banks pay interest on what you save.

We pay you interest on what you spend.

MORTUARY

Clarkson.

William T. Clarkson has received word of the death of his father, P. T. Clarkson, who died Tuesday, evening at 10:20 o'clock at his late home in Pittsfield. He had been in failing health for a long time and for the past six weeks, had suffered greatly. His son of this city was at his bedside when the end came.

He was the youngest son of Young and Nancy Clarkson and was born east of Winchester, December 25, 1845, and had he lived until Christmas he would have been 69 years of age. He was married to Louisa J. Fulk, Dec. 28, 1864 and to this union was born thirteen children, five dying in infancy and one son Daniel P., died in manhood. He is survived by his wife and the following children: William T. of Jacksonville; Walter E. of Spokane, Wash.; Mrs. Robert Johnson of Raymond, Wash.; Mrs. Etta Vaughan of Keokuk, Ia.; Mrs. Lena Anson, St. Louis, Mo.; Mrs. Maude Fry of Aurora, Ill.; Mrs. Minnie Buttery of Des Moines, Ia. He also leaves eight grand-children Katie Clarkson, Joseph and Dorothy Johnson, Raymond Anson, Catherine and Jerald Vaughn, Helen and Robert Buttery.

For a great many years Mr. Clarkson resided in Winchester and while there united with the Christian church, under the preaching of John Sweeney. He had lived in Pittsfield for the last twenty years.

The funeral will be held Friday at 10 o'clock, and interment will be made in the Pittsfield cemetery.

For dinner today—maple nut ice cream. Call No. 70 Muller and Hamilton.

HELD SUCCESSFUL SUPPER.
Wednesday evening the members of the Sunday school of the Liberty Baptist church held a very successful supper at the church, which was largely attended. The supper was on the cafeteria plan and the menu including sandwiches, coffee, fruit salad, oysters, baked beans, pie, ice cream and cake, and at one booth pop corn and home made candy were sold. The young men's class gave an indoor circus which was highly entertaining and the ladies of the church held their annual Christmas bazaar, from which they realized a good sum.

NEGRO IS IDENTIFIED AS

SLAYER OF MISS LEEGSON

Charles Dooley is Thought by Switchmen at Argo to Be Negro Who Accompanied Artist On Night of Murder.

Chicago, Nov. 26.—Charles Dooley, a negro, who has confessed to a number of burglaries in this city, was partly identified today as the man being sought in connection with the murder of Miss Ida G. Leegson, the art student who was slain October 4. The identification was made by James Connolly a switchman at Argo, Ill., who saw a negro accompanying the artist on the night of the murder.

"I think he is the man," Connolly said, "but I could tell better if he wore a dark gray overcoat and a soft dark hat like the negro did when I saw him."

A coat and hat as described, said to have been found by the police in Dooley's lodgings, were donned by the prisoner.

"That's the man, I'm sure of him," exclaimed Connolly. Dooley denied the charge. Eli Nieman, with whom Miss Leegson's watch was pawned, said Dooley was of smaller stature than the man who pledged the watch with him.

BIG CARNIVAL TONIGHT.
Everybody is going to the carnival tonight at the High school. Something amusing for all.

NEW YORK WRITER WINS SUIT AGAINST MARTIN MULHALL

Court Decides Case for \$5,000 in Favor of Richard Barry, Who Sold Letters to Newspaper.

New York, Nov. 26.—Richard Barry, the writer, today won his suit to recover from Martin Mulhall the lobbyist, half the \$10,000 which he declared Mulhall received from the New York World for the lobbyist's "confidential letters" that served as the basis for the recent congressional investigation. Barry showed a written contract and says that he acted as Mulhall's agent and editor.

Before he undertook the sale of the letters, Barry said, Mulhall had long tried to sell them without success. Mulhall testified that Barry had misread and repudiated the contract. The trial began and ended today. Supreme Justice Greenbaum directed a verdict for the plaintiff.

COMING SOON.

The success of the century, "Little Women" will come to the Grand Dec. 4th.

"It was marvelous; it was the realization of a dream."—Alan Dale, New York American.

"The most successful transfer of a novel to the stage since Paul Potter wrote 'Trilby'."—Lawrence Reamer, New York Sun.

"Like a favored glance at a magic edition of Louisa M. Alcott's famous book with all the characters come to life."—New York Herald.

"The best dramatization of a great popular story we have ever seen."—Acton Davies, New York Evening Sun.

"As fresh and wholesome as a drink from the old spring. And it is just as healthy."—Adolph Klauber, New York Times.

"Characters in 'Little Women' step from book to stage of Playhouse."—New York Eve. Journal.

"Its glowing, kindly, simple and adorable characters stepped out of the printed pages into real life."—Louis V. Defoe, New York World.

FREIGHT TRAIN CRASHES INTO AUTO INSTANTLY KILLING THREE

Two Others Are Probably Fatally Injured in Accident Near Hollidaysburg, Pa.

Hollidaysburg, Pa., Nov. 26.—Three women were instantly killed and a man and a woman were probably fatally injured today when a freight train on the Pennsylvania railroad struck an automobile at a crossing between this place and Huntingdon, Pa.

Walter Azinger of Altoona was driving the machine. The other occupants were Mrs. Azinger, Mrs. Mary Bessell, the latter's year old daughter Annie and Miss Frances Secrist.

The train was backing up when Azinger's machine endeavored to cross the tracks.

Mrs. Bessell and her daughter and Miss Secrist were killed, Mrs. Azinger was internally injured and the driver of the car, also received internal injuries.

YOU'LL LAUGH TONIGHT.
If you go to the big carnival at the High school. You can't help it.

AT THE GRAND.
A company of colored performers sailing under the time honored name of Richards & Pringle's Georgia Minstrels held the boards at the Grand last night to a fair sized audience.

The company was rather small and did not offer much in the way of entertainment. The best thing about it was the singing, a number of good voices being heard in the choruses. Manager Hunt has some of the best attractions on the road booked for the immediate future, among them "Little Women," MacIntyre and Heath in the "Ham Tree" under the direction of our own Jack Stout, Fiske O'Hara, the lyric tenor in "Old Dublin," and the opera of "Robin Hood."

J. H. S. Carnival Tonight.
